

SUBMISSION FORMAT:

Students should submit assignments with a cover sheet that contains only their name (with the surname written in all capital letters), lab section, and lab assignment number. The student ID number should not appear on the cover sheet (FOIPP act). The student ID should appear on all subsequent pages. The assignments must be **typewritten**. All pages should be properly stapled. All questions should be numbered and submitted in the order they are asked.

Here is a sample of the cover page. The fictional lab section “A2” should be replaced by your lab section.
